

To Whom It May Concern:

The Michigan High School Softball Coaches Association would like to extend an offer to you, to showcase your products to high school softball coaches from across the state at our 2017 MHSSCA Coaches Clinic and Convention. I cannot think of a better way to market products to a large number of coaches at the same time. There are multiple dedicated vendor time slots built into each day of the Clinic. The money we collect from vendors is put towards the 12 (\$1,000) scholarships that we offer to players from across the state each year. The only thing that we ask for, on top of the table fee, is **for you to provide at least one (1) item for us to give away in our door prize raffle. Please indicate this/these items on your application form, and I will be happy to collect everything at the Clinic.**

Attached you will find the Application Form with specific details regarding this amazing opportunity. On the form, you will find an area to give us the information necessary for your display area, payment, and submittal information. We cannot thank you enough for making the commitment to help the sport of women's fast pitch grow!

If you have any further questions or inquiries, feel free to contact me, Mike McCollum. My contact information is listed below.

Regards,

Mike
